Company No. PQ 00287376

CONSOLIDATED INTERIM FINANCIAL STATEMENTS
FOR THE YEAR ENDED
31ST MARCH 2026

Performance Review of Agarapatana Plantations PLC (APPLC) – Year ended 31st March 2026

APPLC has recorded a profit before tax of Rs. 359 Mn for the financial year ended 31st March 2026 which is a decrease of 68% when compared with the corresponding period of the last year.

During the period, the Company's production decreased by 2% when compared to last year. The Net Sale Average of the Company decreased by Rs. 30 per Kg which negatively impacted the revenue of the Company. The wage increases of 35% & 15% occurred in September 2024 and January 2026 respectively resulted in an increase in cost of sales when compared to the previous year, which is the main reason for the reduction in profit compared to last year.

Net finance costs increased mainly due to the interest charged on the term loan obtained for the solar panel installation.

The Working Capital also reflected a favourable position with a current ratio of 1.31.

The Net Assets per share decreased from Rs. 8.50 to Rs. 8.13 when compared with the end of the last financial year.

Future Outlook

The Company continues to be focused on maintaining a fair bottom line performance despite the challenges faced by the industry.

To mitigate the recent increase in wages and the dearth of workers, the Company has already commenced mechanization including harvesting and field operations along with automation in the processing Centers. The Company will further invest in renewable energy.

The Company is also committed to the development of Human Capital in terms of training & development, providing opportunities to enhance worker earnings including compliance with Social Capital together with Regulatory compliances & Corporate Governance.
