These changes in accounting policies are also expected to be reflected in the Group's consolidated financial statements as at and for the year ending 31st March 2019.

The presentation and classification of the financial statements of the previous periods have been adjusted where relevant, for better presentation and to be comparable with current reporting.

9. New accounting standards and interpretations

9.1. SLFRS 9 – Financial Instruments

The final version of SLFRS 9 - Financial Instruments that replaces LKAS 39 - Financial Instruments: Recognition and Measurement and all previous versions of SLFRS 9. This standard brings together all three aspects of the accounting for the financial instruments i.e. classification and measurement, impairment and hedge accounting. SLFRS 9 is effective for financial periods beginning on or after 1st January 2018. Except for hedge accounting where requirements are generally applied prospectively with some limited exceptions SLFRS 9 requires retrospective application of the standard.

However the Institute of Chartered Accountants of Sri Lanka issued a “Statement of Alternative Treatment (SoAT) on the Figures in the Interim Financial Statements” in which the companies were granted with an option to prepare Interim Financial Statements continuing with the application of LKAS 39 with disclosures on impact to the Statement of Comprehensive Income for the period if SLFRS 9 has been applied during financial year commencing on or after 1st January 2018.

The Group having opted to use the exemption granted under the above SoAT, prepared the Interim Financial Statements for the quarter ended 30th September 2018 based on LKAS 39.

Based on the high-level impact assessment of all three aspects of SLFRS 9 on the group companies, the Group concluded that the impact of the new standard on its financial statements are not material.

9.2. SLFRS 15 – Revenue from Contracts with Customers

SLFRS 15 became effective for financial periods beginning on or after 1st January 2018. This accounting standard supersedes LKAS 11 Construction Contract, LKAS 18 Revenue and revenue relate IFRICs and SICs and establishes a five-step model to account for revenue arising from contracts with customers. Under SLFRS 15, revenue is recognised at the amount that reflects the consideration to which an entity expects to be entitled in exchange for transferring goods or services to a customer.

The Group adopted SLFRS 15 with effect from the beginning of the current financial year -1st April 2018 using the full retrospective method and has recognised revenue for the six months ended 30th September 2017 (comparative period) and 2018 based on this standard.

Several other amendments and interpretations apply for the first time in 2018, but do not have an impact on the interim consolidated financial statements of the Group.
