NOTES TO THE FINANCIAL STATEMENTS

1. Figures in the interim financial statements for the three months ended 31 March 2026 are provisional and unaudited.

2. The interim financial statements of the company for the quarter ended 31 March 2026 have been prepared in accordance with Sri Lanka Accounting Standards LKAS 34 - Interim Financial Reporting except for those disclosed below, and comply with the requirements of the Companies Act, No. 7 of 2007 and Regulation of Insurance Industry Act, No. 43 of 2000 and subsequent amendments thereto.

The same accounting policies and methods of computation as stated in the audited financial statements 2024 have been followed in preparation of these interim financial statements. Comparative information has been re-valued/re-classified where necessary, to confirm to the current period recognition, measurement and presentation.

In accordance with LKAS 34.19, these interim financial statements do not comply fully with Sri Lanka Accounting Standards (SLFRSs) as the Company has elected to apply the Statement of Alternative Treatment (SoAT) issued by the Institute of Chartered Accountants of Sri Lanka (CA Sri Lanka) in respect of the initial adoption of SLFRS 17 - Insurance Contracts and SLFRS 9 Financial Instruments for Insurance entities

Accordingly, these interim financial statements are prepared on the alternative basis described below.

2.1 Application of Statement of Alternative Treatment (SoAT) – Q1 Interim Financial Reporting

SLFRS 17 Insurance Contracts is effective for annual reporting periods beginning on or after 1 January 2026. In response to implementation challenges affecting the insurance industry, CA Sri Lanka has permitted insurers to continue applying SLFRS 4 Insurance Contracts for the first and second interim reporting quarters of the initial year of adoption, subject to enhanced disclosures on the expected impact of SLFRS 17 and SLFRS 9.

The Company has elected to apply this relief for the quarter ended 31 March 2026.

Accordingly, for this interim period:

- Insurance contracts continue to be recognised, measured, and presented in accordance with SLFRS 4 Insurance Contracts.
- SLFRS 9 Financial Instruments has not been applied, consistent with the SoAT requirement that SLFRS 9 shall not be applied during interim periods where SLFRS 4 is continued.

2.1.1. Progress of SLFRS 17 and SLFRS 9 Implementation

The Company has made substantive progress during the first quarter of the financial year towards full implementation of SLFRS 17 and SLFRS 9, including:

- Completion of major actuarial model builds for insurance contract measurement
- Refinement of discount rate methodologies and risk adjustment frameworks
- Strengthening of governance, controls, and data validation processes

In line with the SoAT, the Company expects to present provisional third-quarter financial information prepared in accordance with SLFRS 17 and SLFRS 9 in the Q3 interim financial statements with quantitative disclosures on all impacted line items.

2.1.2. Expected Impact of SLFRS 17 and SLFRS 9

As required for the first interim reporting period, the Company provides below-up-to-date qualitative disclosures of adopting SLFRS 17 and SLFRS 9 on significant financial statement line items.

Insurance Contract Liabilities

- Measurement based on present value of fulfilment cash flows
- Explicit risk adjustment for non-financial risk
- Recognition of Contractual Service Margin (CSM) for profitable contract groups

Certain portfolios, particularly short-duration contracts, are expected to show reduced volatility, while longer-coverage contracts may exhibit changes in liability profiles.

Insurance Revenue and Profit or Loss

- Insurance revenue under SLFRS 17 will no longer correspond to gross written premiums
- Profit recognition will align with the provision of insurance coverage and services
- Onerous groups of insurance contracts, if any, will result in immediate loss recognition.
- Volatility in profit or loss may arise due to:
 - Experience adjustments
 - Changes in assumptions
 - Movements in discount rates.

Equity

On transition, retained earnings are expected to be adjusted for:

- Derecognition of liabilities recognised under SLFRS 4
- Recognition of insurance contract assets and liabilities under SLFRS 17
- Initial recognition of CSM.

Financial Assets – SLFRS 9

Financial assets will be reclassified based on business model assessments and contractual cash flow characteristics.

The introduction of the Expected Credit Loss (ECL) model may accelerate impairment recognition compared to existing practices.

Comparative Information

Comparative information presented in these interim financial statements has been prepared in accordance with SLFRS 4 Insurance Contracts and LKAS 39 Financial Instruments and has not been restated for the effects of SLFRS 17 or SLFRS 9.

In accordance with the SoAT, comparative figures for the year ended 31 December 2025 will be restated and presented in accordance with SLFRS 17 and SLFRS 9 in the annual financial statements for the year ending 31 December 2026, applying the permitted transition options.

2.1.3. Accounting Policy Choice for Interim Reporting under SLFRS 17

In accordance with SLFRS 17 and LKAS 34, an accounting policy choice is required regarding whether estimates in interim periods are updated on a year-to-date basis or a period-to-period basis. This policy choice will be formally determined and applied consistently to all groups of insurance contracts issued and reinsurance contracts held upon full adoption of SLFRS 17.

Following will be the financial statement line items which have major impacts

Statement of Financial Position

- Financial investments
- Equity
- Insurance contract liabilities

Statement of Profit or loss and Other Comprehensive Income

The line-item descriptions in the statement of profit or loss and other comprehensive income will change significantly compared to SLFRS 4. As per SLFRS 4, the Company reported the following line items:

- Gross written premiums
- Net written premiums
- Other revenue
- Net insurance benefits and claims paid
- Changes in contract liabilities – Life fund

Instead, SLFRS 17 requires separate presentations of:

- Insurance revenue
- Insurance service expenses
- Insurance finance income or expenses
- Income or expenses from reinsurance contracts held

2.2 Motor vehicles were revalued in 2024 as per the company policy to revalue them once in every three years.
