NOTES TO THE FINANCIAL STATEMENTS

- 01) The accounting policies and methods of computation are consistent with those accounting policies and methods set out in the audited financial statements for the year ended 31st March 2018, other than the item disclosed below, and also in compliance with Sri Lanka Accounting Standard LKAS 34 - Interim Financial Reporting.

- 01.1 SLFRS 9 - SLFRS 9 Financial Instruments replaces LKAS 39 Financial Instruments: Recognition and Measurement, bringing together all three aspects of the accounting for financial instruments: classification and measurement; impairment; and hedge accounting.

With the exception of hedge accounting, which the Group applied prospectively, the Group has applied SLFRS 9 retrospectively, with the initial application date of 1st April, 2018. The Group has taken an exception not to restate comparative information for prior periods with respect to classification and measurement requirements.

Based on the high-level impact assessment of all three aspects of SLFRS 9 on the group Companies, the Group concluded that the impact of the new standard on its financial statements are not material.

- 01.2 SLFRS 15 Revenue from Contracts with Customers

SLFRS 15 supersedes LKAS 11 Construction Contracts, LKAS 18 Revenue and related Interpretations and it applies to all revenue arising from contracts with customers, unless those contracts are in the scope of other standards. The new standard establishes a five-step model to account for revenue arising from contracts with customers. Under SLFRS 15, revenue is recognised at an amount that reflects the consideration to which an entity expects to be entitled in exchange for transferring goods or services to a customer.

The standard requires entities to exercise judgement, taking into consideration all of the relevant facts and circumstances when applying each step of the model to contracts with their customers. The standard also specifies the accounting for the incremental costs of obtaining a contract and the costs directly related to fulfilling a contract. The Group adopted SLFRS 15 using the full retrospective method of adoption. Based on the assessment performed the Group concluded that SLFRS 15 does not have a material impact on Group's consolidated financial statements.

- 01.3 The Company/ Group has voluntarily changed the accounting policy on freehold land from cost model to revaluation model as at 31st March 2019, by carrying out a revaluation by an independent valuer. This is done to provide reliable and more relevant information. Changing accounting policy from cost model to revalue model has been dealt in accordance with LKAS 16 Property, Plant & Equipment rather than in accordance with LKAS 08 Accounting policies, changes in Accounting Estimates and Errors.

- 02) The balances pertaining to the comparative period have been reclassified, where relevant, for better presentation and to be comparable with those of the current period.

- 03) The consolidated Financial Statements have been prepared on an accrual basis and under the historical cost convention unless stated otherwise.
