Interim Financial Statements

For the six months ended 30th June 2025

HNB records robust growth, reinforcing commitment to national economic progress

- Group assets cross Rs 2.5 Tn
- Advances growth in Q2 exceeds Rs 100 Bn
- Deposits grow by over Rs 140 Bn in Q2
- Asset quality continues to improve, with the net Stage 3 ratio at 1.59%
- Persistently strong capital buffers underpin financial stability
- Recognised once again by 'The Banker' among the 'Top 1000 Banks in the world'

HNB sustained its upward momentum in the first half of 2025, delivering sound growth. Group Profit After Tax (PAT) recorded a growth of 42.5% to Rs 23.16 Bn, while the Bank PAT rose by 37.9%, reaching Rs 21.19 Bn.

With interest margins being under pressure, the Bank's Net Interest Income remained broadly stable at Rs 45.6 Bn during the first half of 2025. The 11.3% YoY drop in interest income amid lower interest rates, despite the strong loan book growth was offset by the 18.7% YoY drop in interest expenses aided by strategic initiatives to strengthen CASA base.

Net Fee and Commission Income recorded a notable YoY growth of 19.7%, primarily driven by increased card usage and a significant surge in digital transactions. Additionally, exchange income surged to Rs 2.8 Bn, reversing a loss of Rs 1.3 Bn recorded in the corresponding period of 2024, largely attributable to the depreciation of the Sri Lankan rupee.

Asset quality continued to strengthen during the quarter, supported by the Bank's resilient risk management framework, prudent underwriting and extensive recovery efforts. This progress was reflected in a favourable shift in the Stage 3 portfolio, and an impairment reversal of Rs 5.1 Bn, compared to the impairment charge of Rs 1.5 Bn recorded in the same period last year. Consequently, the Net Stage 3 ratio improved to 1.59% from 1.88% as at December 2024. Meanwhile, the Stage 3 coverage ratio remained strong at 74.88%.

As at end of June 2025, the asset base of the Group surpassed Rs 2.5 Tn, reflecting a 13.7% growth during the six-month period. This growth included a Rs 137.6 Bn increase in net loans and advances of the Group while the Group's deposit base grew by approximately Rs 160 Bn during the first half of the year reaching Rs 1.9 Tn.

During the period, HNB continued to maintain strong capital buffers, with Tier I and Total Capital Adequacy Ratios at 18.42% and 22.46%, respectively, well above the regulatory minimum requirements of 9.5% and 13.5%. The Bank also sustained a strong liquidity position, evidenced by an all currency Liquidity Coverage Ratio of 271.54%, significantly exceeding the minimum regulatory threshold of 100%.

HNB is rated AA- (lka) by Fitch Ratings Lanka Ltd. and is ranked among the "Top 1000 Banks in the World" by the prestigious UK-based The Banker Magazine, reflecting its global standing and financial resilience. Further reinforcing its position, HNB was recognised as the "Best Bank for Large Corporates" at the Euromoney Awards for Excellence 2025. The Bank also sustained its legacy in retail banking, being named the "Best Retail Bank in Sri Lanka" by The Asian Banker for the 15th time.

Explanatory Notes

- 1 There are no changes in accounting policies and methods of computation since the publication of annual accounts for the year 2024.
- 2 There are no material changes during the period in the composition of assets, liabilities and contingent liabilities and use of funds raised through debentures. All known expenditure items have been provided for.
- 3 These interim financial statements are presented in accordance with Sri Lanka Accounting Standard (LKAS 34) "Interim Financial Reporting" and provide the information as required in terms of Rule 7.4 of the Colombo Stock Exchange.

4 ECL Assessment and computation

The Bank reassessed the Probabilities of Default (PD) used in collective impairment assessment during the period ended 30th June 2025. Management overlays have been recognised in respect of exposures to specific industries where an elevated level of risk have been identified. The Bank has made adequate provisions for expected credit losses in the financial statements as at 30th June 2025 to ensure that the potential impact to its loan portfolio is adequately covered. The Board will continue to monitor the implications and make adjustments, if required.

- 5 Bank re-classified its debt securities portfolio measured at Fair Value Through Other Comprehensive Income category to Amortised Cost category with effect from 1st April 2022 in accordance with "Statement of Alternative Treatment (SoAT) on Reclassification of Debt Portfolio" issued by CA Sri Lanka. Accordingly, Treasury Bills and Treasury Bonds investments which were previously classified as financial assets measured at Fair Value Through Other Comprehensive Income (FVOCI) were re-classified as financial assets measured at amortised cost. There was no change to the effective interest rate used and interest revenue recognised in respect of the reclassified assets.

Had these investments continued to be carried at fair value through other comprehensive income, the fair value of the remaining portfolio as at 30th June 2025 would have amounted to Rs 5.7 Bn and would have resulted in the recognition of a fair value loss of Rs 221 Mn (net of tax) in other comprehensive income during the period.

- 6 Where required, figures on the audited annual financial statements have been reclassified to conform to Central Bank of Sri Lanka publication requirements.

7 Reporting entity

The Bank does not have an identifiable parent of its own. Hatton National Bank PLC is the ultimate parent of the Group. The consolidated financial statements of the Bank cover the Bank and its subsidiaries, HNB Assurance PLC, Sithma Development (Pvt) Ltd, HNB Finance PLC and HNB Investment Bank (Pvt) Ltd.

On January 21, 2025, HNB PLC acquired 75,500,001 ordinary voting shares, representing a 50% stake held by DFCC Bank PLC in Acuity Partners (Pvt) Ltd, for a consideration of Rs 6.5 billion. This transaction was completed after obtaining approvals from the Central Bank of Sri Lanka and the

Securities and Exchange Commission of Sri Lanka. Following this acquisition, Acuity Partners (Pvt) Ltd has become a wholly-owned subsidiary of HNB PLC and has been rebranded as HNB Investment Bank (Pvt) Ltd.

8 Utilization of funds raised via capital markets

8.1 The funds raised through debentures previously issued were fully utilized for the objectives mentioned in the respective prospectuses.

9 There are no material events that took place after the balance sheet date which require adjustment or disclosure in the financial statements, other than item disclosed below.

a) Resignation of Director

Mr. Kahandawela Arachchige Kithsiri Perera Gunawardena, Non independent/Non Executive Director of the Bank has tendered his resignation from the Board of Hatton National Bank PLC with immediate effect. The Board of Directors via Board Circular Resolution accepted the resignation of Mr. Gunawardena with effect from 30th July 2025.

FAIR VALUE DISCLOSURE OF FINANCIAL INSTRUMENTS

Fair value Disclosure of Financial Instruments

The Group measures the fair values of financial instruments using the following fair value hierarchy, which reflects the significance of the inputs used in making the measurements.

Level 1: Fair value measurement using unadjusted quoted market price

When available, the fair values of financial instruments are determined using quoted market prices (unadjusted) in active markets for identical instruments. A market is regarded as active if quoted prices are readily and regularly available and represent actual and regularly occurring market transactions on an arm's length basis. Accordingly, the fair values of treasury bills and bonds have been derived using the market yields and market prices published by Central Bank of Sri Lanka while fair value of quoted equity securities and PDI Bonds have been valued using the quoted market prices as at the reporting date

Level 2: Fair value measurement using significant observable inputs

In the absence of an active market for a financial instrument, the fair value is determined using quoted market prices in active markets for similar instruments or quoted prices for identical or similar instruments in markets that are considered less than active or other valuation techniques in which all significant inputs are directly or indirectly observable from market data. The spot and forward premiums available as at the reporting date have been used to estimate the fair value of derivative financial instruments while the fair value of unquoted units have been measured using manager's selling prices. The fair values of financial assets and financial liabilities carried at amortised cost have been estimated by comparing the interest rates when they were first recognised with the current market rates of similar instruments. Since the USD step up Bond carries LKR conversion option, the Bank classified the fair value of that bond under Level 2.

Level 3: Fair value measurement using significant unobservable inputs

Financial instruments for which the valuation technique includes inputs that are not observable and the unobservable inputs have a significant effect on the instrument's valuation.

There are no material changes in the fair value of financial assets categorised under Level 3 compared to the values reported as at 31st December 2024. The Group has not changed the valuation models and assumptions used to measure the fair values of Level 3 financial instruments during the period ended 30th June 2025.
